

position, and the ways in which we are different from those who do not. Consequently, identities are relational, and constructions of difference are established by symbolic marking in relation to others (e.g. race, gender, style, clothing, language skills, etc.).

2. Funding for the research leading to these results was received from the research project *The School, Freedom of Choice and Integration*, funded by the Swedish Research Council (Vetenskapsrådet), and EU-MARGINS, funded by the European Community's Seventh Framework Programme (FP7/2007-2013) under grant agreement no. 217524.
